Who can take part in Over The Wall’s Camp in the Cloud?

Our criteria for campers

We invite applications from:

Families who have a child or young person aged from 0 to 17 years, who is currently experiencing health challenges or have finished treatment in the last 3 years. One child in the family must be aged 6 to 17 years.

Health challenges include, but are not limited to:

- Blood disorders (e.g. Sickle Cell Disease, Haemophilia, Thalassemia)
- Gastrointestinal disorders (e.g. Inflammatory bowel disease, TPN-dependent)
- Cancer and Leukaemia
- Rheumatological conditions (e.g. Juvenile Rheumatoid Arthritis, Lupus)
- Immunological disorders (e.g. HIV, primary immune deficiency)
- Respiratory disorders (e.g. Severe Asthma, Cystic Fibrosis, PCD)
- Skin conditions (e.g. Severe Eczema, Epidermolysis Bullosa (EB))
- Severe Allergies
- Heart conditions (e.g. Congenital Heart Disease)
- Kidney disease (e.g. Polycystic Kidney Disease, Renal Failure)
- Liver diseases
- Neurological disorders (e.g. Epilepsy, Spina Bifida)
- Neuromuscular disorders (e.g. Muscular Dystrophy)
- Organ Transplant
- Endocrine disorders (e.g. Diabetes)
- Orthopaedic (e.g. Limb loss, Limb difference)
- Rare Diseases (e.g. Inherited Metabolic Diseases, Genetic Disorders).

Please see overleaf for more information on our criteria
Please be aware of the following points for all camps:

Camp in the Cloud has a variety of activities including some arts and crafts which will require the use of scissors and fine motor skills and for some children assistance may be required from an adult in the house.

There are opportunities for any member of the family to join live video calls and interact with their peers and our staff team at set times throughout the day on Camp in the Cloud if they choose to.

Activity boxes are sent in the post and are to be shared between each family member to enable them to join in the activities on the day.

Unfortunately, we are unable to take campers who are currently a hospital inpatient.

If you have any questions or concerns, please contact the Team using the details below.
